AN ESCAPE MOST BOLD

Two Condemned Men Gain Their Freedom from Jail.

THE GUARD WAS SHOT

The Men Donned Clothes Belonging to the Guard and Leisurely Walked Away Unnoticed—They Had Help from the Outside.

Pittsburg, Jan. 30.—Edward and John Riddle, awaiting execution in the county jail for the murder of Grocer Thomas D. Kahney of Mount Washington, overpowered the guards at 4 o'clock this morning and escaped. Both prisoners had been provided with saws with which they cut the bars in their cells and were ready at any moment to make an opening sufficiently large to pass through. The prisoners occupied adjoining cells on the second range. They evidently had been preparing for escape for some time and had assistance from the outside as both were armed with revolvers. In making their escape they shot Guard Reynolds, and then went to the guard's wardrobe, put on new suits and passed out of the gates. Thus far there is no clue to the direction taken by the fugitives.

The escape of Biddles was later explained. Warden Peter K. Soffel authorizes its publication. He alleges that his wife is responsible for furnishing the revolver and saws to Biddles, which enabled the two to escape. In her entreaty for the handsome desperado, Edward Biddle, it is alleged she has left her husband and four children, and is supposed to have met the escaped convicts at some place agreed upon. The story of the matter is brief.

Mrs. Soffel was the only person admitted to the jail since last Sunday. Wednesday afternoon she visited them during the warden's absence. Wednesday evening she retired at 9 o'clock. She told her husband she was going to visit her sister at McDonald, and she would retire early so she could get an early start. Soffel was about the jail until after 12 o'clock. He retired to his room, which is separated from Mrs. Soffel's, shortly before 1 o'clock. When he awoke this morning he asked for Mrs. Soffel, and was informed she was absent. Later when the details of the escape became known, he telephoned to McDonald and was informed that Mrs. Soffel was not there. Warden Soffel immediately made a frank confession of his suspicions.

ENGLISH FAR AHEAD.

Archbishop of Canterbury Speaks on the Divorce of the Countries.

New York, Jan. 30.—The Archbishop of Canterbury, speaking in support of a resolution protesting against the legalization of marriage with a deceased wife's sister, drew a comparison between English and American morals, cables the London correspondent of the Tribune.

He denied that the moral law is as much observed in America as it is in England, divorce is far easier there than here, and he regarded the prevalence of divorce as a certain sign that the moral line of life had been lowered. Americans, he argued, were distinctly beneath Englishmen in that respect.

Tug and Ferryboat Collide.

New York, Jan. 30.—The Jersey Central ferry boat Central was run into by a railroad tug in North river during a snow storm. There were 500 passengers on the ferry boat, of which number about 100 were women. The Central ferry boat found it very heavy going in the storm and was feeling its way slowly out in midstream, when she was crashed into by one of the heavy tugs of the Baltimore and Ohio road, having in tow a boat carrying a dozen loaded freight cars. Before the Central could reverse her power the tug had forged its way through the light woodwork that covers the ladies' cabin, and the women inside were panic stricken. No one was badly hurt.

Denies Charge of Assault.

Austin, Jan. 30.—Word has reached here of the arrest at Monterey, Mexico, of Dr. Phillip Carroll, United States vice consul at that place. His arrest was made as the result of a charge of assault made against him by Antonio Gonzales, a Mexican. Dr. Carroll was taken to the penitentiary and confined there a short time, when he was released by order of Gov. Benito Leala. The trial of the case will be held within the next few days. Dr. Carroll denies the charge. He had just returned from a visit to his old home in Ohio when the arrest took place. He says that he was not in Mexico on the date Gonzales alleges the assault occurred.

Chicago's School Fund.

Chicago, Jan. 30.—The board of education has fixed upon \$6,344,201 as the total to be expended upon public schools of Chicago for the ensuing year. The total for 1901 was \$7,492,198. The building fund this year exceeds that of 1901 by \$1,051,412. In economizing the board reduced the salaries of 2500 grade teachers all over.

cipals and members of the official force. The schools will be left open for the full term of 40 weeks.

For Selling Adulterated Food.

Chicago, Jan. 30.—The Illinois pure food commission made another attack upon dealers and has commenced suit against 15 grocers for alleged violation of the statute governing the sale of chocolate and cocoa and five for violating the provisions regulating the sale of vinegar.

BAKER ON THE STAND.

Gives Evidence in the Charge of Murder Against Lawyer Patrick.

New York, Jan. 30.—Captain James A. Baker again occupied the witness chair at the trial of Lawyer Albert T. Patrick for the murder of William Marsh Rice, almost the entire two sessions of court being taken up with his cross-examination. The captain admitted that he had expressed no opinion as to the genuineness of the signatures of various papers bearing Rice's name and which he now calls forgeries until he had obtained the opinion of handwriting experts. He furthermore admitted that Patrick, before his arrest, had told him he desired a full investigation of his relations with the aged millionaire.

The witness declined to swear positively that Patrick was not present in Rice's apartments when the old man was at one time making depositions relative to litigation he was involved in. The prosecution has been endeavoring to prove that Patrick and Rice never met.

When Mr. Osborne for the prosecution presented the 1896 will in evidence as to the genuineness of the signature, Mr. Moore for the defense objected, declaring that the ruling of the court of appeals in the Molineux case were pertinent. After listening to Mr. Moore, who argued the document was improper and irrelevant as evidence, Recorder Goff sustained the objection. Norman Meldrum, a banker, testified that the signatures on the \$65,000 and \$25,000 checks were forged.

ANOTHER ANTI-TRUST SUIT

Electric Light Companies Charged With Violating the Law.

Dallas, Jan. 30.—The second step in the anti-trust proceedings here came Wednesday in the shape of the institution of a suit by the county attorney against Granville P. Meade, federal court receiver for the Standard Light and Power company of this city.

The petition is in the name of the state of Texas. It recites that on June 1, 1901, in the course of the business of the company before the appointment of the receiver, the defendant made and entered into a combination of capital, skill and acts with E. M. Reardon, receiver for the Dallas Electric company, who was engaged in the same business, and at that time in competition with the defendant, for the purpose of creating restrictions in trade.

It is also alleged that from the date named to January 10, 1902, a period of 214 days, the said parties continued to conduct their business in accordance therewith and the Standard Light and Power company became liable to the plaintiff in the sum of \$5000 per day, or in all for the sum of \$1,070,000.

It is further charged that the defendant has forfeited its right to exercise its corporate franchise, and prays that upon final hearing judgment be rendered ousting it of its corporate franchise, rights and privileges, forfeiting its charter and dissolving it as a corporation.

ANOTHER NAVAL BATTLE.

Revolutionary Steamer Attached by the Warships of Colombia.

Panama, Jan. 30.—The Colombian government fleet, consisting of the steamers Boyca and Chucuito and the armed launch General Campo, which left here Tuesday to make an attempt to break the blockade of Agua Dulce, where the revolutionary fleet was last seen and to communicate with Gen. Castro, the Colombian commander, met the insurgent steamer Padilla at Yeguala, 30 miles from Panama and opened fire on her. The revolutionary steamers Darien and Gaitan appeared on the scene after the engagement began. The fire of the Chucuito was so well directed that it caused the revolutionary fleet to draw toward the shore. The Chucuito and Boyca then retired unmolested. The General Campo was not engaged.

The forces of Gen. Herrera, the revolutionary commander, are at San Carlos, 40 miles from Panama.

PRESS CENSORSHIP.

Senate Discussed Whether It Still Exists in the Philippines.
Washington, Jan. 30.—For an hour Wednesday the senate had under discussion the question whether a censorship of press dispatches exists in Manila. While no such turbulent scenes as Tuesday were enacted the debate for a time was very spirited. The secretary of war was quoted as saying that no press censorship now existed in the Philippines and a letter from General Greely, the chief signal officer of the army was presented by Mr. Beveridge of Indiana, making the statement officially that there was no censorship of press dispatches and that "the press is entirely free." It was contended by the opposition that a press censorship did exist in the Philippines and that copies of every news dispatch filed with the cable company was filed with the military authorities. That, it was maintained, constituted a virtual censorship.

When the house met Wednesday Mr. Henry of Connecticut, reported the oleomargarine bill from the committee on agriculture. With the report were submitted the views of the minority of the committee and the substitute offered by them. There being no special order and no appropriation bills ready the committee was called.

Not a single committee responded and Mr. Payne, New York, the majority floor leader, remarked sententiously that later on by the session members would complain that they had no opportunity under the rules to secure consideration for their bills.

Mr. Hopkins of Illinois, reported the permanent census bill and gave notice that he would add it up today. Mr. Meddow of Georgia protested that the time was too short for members to familiarize themselves with the measure.

FOR EXCLUSION BILL.

Argument of Mr. Livernash in Favor of Keeping the Chinese Out.
Washington, Jan. 30.—E. J. Livernash of San Francisco Wednesday concluded his argument before the senate committee on immigration begun last Monday in behalf of the Chinese exclusion bills. He had not, he said, discovered, after diligent search for information, any intimation that the trade between the United States and China had decreased on account of the attitude of this government on the exclusion question.

In response to a question by Dr. Penrose, he said that the arguments advanced by some southern cotton producers that their trade with China would be severely crippled were not well founded because it had been proven that sentiment was not a controlling factor in trade.

Answering a question by Mr. Penrose, he said that payments for the smuggling of Chinese into the United States range from \$50 to \$1000, and in the case of a woman as high as \$2500 when the object was to engage her in immoral practices.

In the course of the hearing Mr. Penrose remarked that it did not seem reasonable to prohibit the employment of Chinese on vessels plying between this country and Chinese ports.

Mr. Livernash said that question will have to be met by congress squarely, because congress is endeavoring to build up a merchant marine, and this could not be done until we have American seamen at our mast. Our effort to protect our seamen, he contended, is giving the Pacific ocean over to the Asiatic.

The committee then adjourned to meet on Tuesday next.

Will Renominate Flanagan.

Washington, Jan. 30.—It is announced that President Roosevelt has decided upon renominate Webster Flanagan as collector of internal revenue of the third Texas collection district. The president sent the following nominations to the senate:

- Theodore Ray, Midland, Tex.

Anti Anarchist Bill Amended.

Washington, D. C., Jan. 30.—Representative Ray of New York, chairman of the house judiciary committee, had introduced a modified form of his anti-anarchist bill providing that if death does not ensue in an attack on the president or other person in line of succession, the penalty shall be life imprisonment instead of death.

Fraud in Elections.

Washington, D. C., Jan. 30.—Representative Gibson of Tennessee has introduced a bill, which has the support of a number of southern Republican members, punishing frauds and wrongs in the election of representatives in congress. The bill is quite lengthy and punishes as a misdemeanor or punishable by fine of \$300 or two years imprisonment at hard labor, any interference with the regular voting procedure.

Confederate Veteran Dead.

San Antonio, Jan. 30.—Henry K. Pittman, aged 70 years, a prominent citizen of this city and during the civil war an officer in the Confederate army under Beauregard, died at his home here Wednesday. He was a native of Germany, but had lived in San Antonio fifty years. Of four living sons two were soldiers in the American army during the war with Spain.

Harry Parker is on the sick list. Sky Lark.

BENCHLEY.

Benchley, Jan. 27.—We have had quite a change in the weather in the last twenty-four hours. Saturday was warm enough for June and today everything is freezing. If this weather continues I am afraid there will be lots of pneumonia.

Mrs. L. M. Glaze returned home last Thursday from Edge, where she had been visiting her daughter, Mrs. Etta Payne, who has been very sick, but is now better.

Mrs. Henry Bowman was called to the bedside of her sister, Mrs. Ben Bond of Prospect, who is very sick.

Miss Lizzie Slaughter has been on the sick list for several days and is at the home of Mrs. J. P. Browning.

Prof. Ben Wiley and Clem Beal, of Prospect, visited here Sunday. They attended the singing at R. H. Haltom's in the evening.

There was a pleasant dance given at the home of G. B. Franklin last Friday night. Cake and wine were served and all present had a good time.

Ab Newcome, of Reliance, is visiting his brother, Jesse, here.

Louis Glaze and Miss Linnie rowning is on the sick list.

Horace Seale, of Bryan, was here Saturday.

There is going to be a musical entertainment and party at the home of Mrs. H. E. Manley Saturday night, Feb. 1. Everybody invited. Snow Drop.

Benchley, Jan. 27.—We had a nice shower of rain Sunday.

Mr. and Mrs. G. B. Franklin gave the young people a dance on Friday night which was greatly enjoyed by all who attended.

Messrs. George and Robert Seale of Mumford attended the dance Friday night.

Bro. Kelly was up Sunday, but did not preach on account of the inclemency of the weather.

There will be a musicale at the residence of Mr. and Mrs. H. E. Manley on Saturday night, March 1. Everybody invited to attend.

Frank Meads of Thompson Creek visited H. O. Browning on Saturday night.

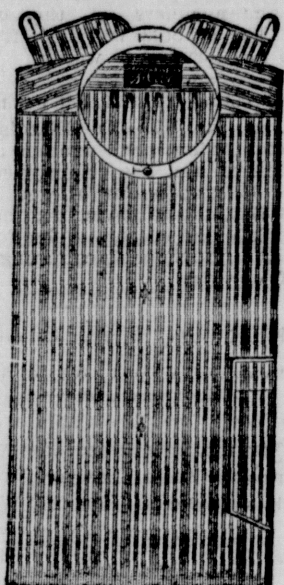

Saturday evening, when Engineer Newcomb fired up to grind, something got wrong with the whistle and it was about an hour before he could get it stopped. The ear-piercing shriek caused quite a disturbance in town.

Oscar Browning visited at Thompson Creek Sunday, although the weather was rather rough.

Miss Katie McMillan of Jones Spring was among the many pleasant visitors at the dance Friday night.

H. E. Manley will visit New Orleans soon. Lanky Joe, Jr.

Have a Fit in a shirt!

By this we do not mean for you to have an apoplectic stroke with your shirt on—but for you to let us make you a shirt to measure, that we guarantee to fit. This we can positively do and at prices that will suit you—not high prices as are generally looked for in having shirts made to measure but prices about the same as you would pay for a good standard make of shirt. We have a full line of samples (any pattern you could desire) which you are cordially invited to call and inspect, and if they suit you give us an order for a quarter or half dozen and—HAVE A FIT, that will please you. Now is the time to order your spring shirts. Yours for business,

PRESS CENSORSHIP.

Senate Discussed Whether it Still Exists in the Philippines.

Washington, Jan. 30.—For an hour Wednesday the senate had under discussion the question whether a censorship of press dispatches exists in Manila. While no such turbulent scenes as Tuesday were enacted the debate for a time was very spirited. The secretary of war was quoted as saying that no press censorship now existed in the Philippines and a letter from General Greely, the chief signal officer of the army was presented by Mr. Beveridge of Indiana, making the statement officially that there was no censorship of press dispatches and that "the press is entirely free." It was contended by the opposition that a press censorship did exist in the Philippines and that copies of every news dispatch filed with the cable company was filed with the military authorities. That, it was maintained, constituted a virtual censorship.

When the house met Wednesday Mr. Henry of Connecticut, reported the oleomargarine bill from the committee on agriculture. With the report were submitted the views of the minority of the committee and the substitute offered by them. There being no special order and no appropriation bills ready the committee were called.

Not a single committee responded and Mr. Payne, New York, the majority floor leader, remarked sentimentally that later on by the session members would complain that they had no opportunity under the rules to secure consideration for their bills.

Mr. Hepburn of Illinois, reported the permanent census bill and gave notice that he would call it up today. Mr. Maddox of Georgia protested that the time was too short for members to familiarize themselves with the measure.

FOR EXCLUSION BILL.

Argument of Mr. Livernash in Favor of Keeping the Chinese Out.

Washington, Jan. 30.—E. J. Livernash of San Francisco Wednesday concluded his argument before the senate committee on immigration begun last Monday in behalf of the Chinese exclusion bills. He had not, he said, discovered, after diligent search for information, any intimation that the trade between the United States and China had decreased on account of the attitude of this government on the exclusion question.

In response to a question by Dr. Penrose, he said that the arguments advanced by some southern cotton producers that their trade with China would be severely crippled were not well founded because it had been proven that sentiment was not a controlling factor in trade.

Answering a question by Mr. Penrose, he said that payments for the smuggling of Chinese into the United States range from \$50 to \$1000, and in the case of a woman as high as \$2500 when the object was to engage her in immoral practices.

In the course of the hearing Mr. Penrose remarked that it did not seem reasonable to prohibit the employment of Chinese on vessels plying between this country and Chinese ports.

MEN'S OUTFITTERS

Mr. and Mrs. R. G. Tabor returned yesterday afternoon from Waco where they went to attend the funeral of Miss Mary Lucy Ragland, daughter of Mr. and Mrs. W. B. Ragland and niece of Mrs. Tabor, who died Tuesday after an extended illness from typhoid fever, and was buried Wednesday. Miss Ragland was a lovely young girl, 17 years of age, and the announcement of her untimely death will occasion profound sorrow among the friends of the family in Bryan.

Ladies, I have just received 7x3 ft. heavy cloth window shades, with fringe to rim, 25c. W. J. Coulter. 51
Mr. Lage Chemileski and Miss Maggie Kochanowitz, daughter of Mr. and Mrs. Kochanowitz, of this city, were married Wednesday afternoon at 3 o'clock at St. Joseph's Catholic church. After the ceremony the young people and their friends enjoyed a repast at the home of the bride's parents, following which they left for the home of the groom's parents, Mr. and Mrs. Peter Chemileski, near Bryan, where a supper and ball were given them, and greatly enjoyed by the happy pair and their assembled friends. They have the best wishes of all for a long and happy life.

Mr. Stanley H. Watson of Brenham, dealer in canning machinery, truck growers' supplies and wholesale nursery stock, spent several hours in the city yesterday mingling with the business men and talking of the proposed cannery here. Mr. Watson will return Saturday and meet as many of the truck growers as possible, and will also be present at the next meeting of the Business League to make a proposition to the league to supply a cannery outfit. He will be prepared to remain several days and help the movement by aiding the committee appointed to solicit stock subscriptions, etc. Mr. Watson counts competition in the matter of supplying cannery outfits, as he says it adds to the interest of the work and he feels confident of the terms he is able to offer.

Miss Nelly Hawes wishes to announce to the public that she will take in dressmaking at home and would appreciate the patronage of the ladies of Bryan. 49

A CHURN OF MONEY.

The report comes from Bedias that a churn was found last Thursday morning on Rocky creek, Grimes county, near the line of Madison. The churn was dug up Thursday night. A party says he was hunting hogs in the creek bottom on Wednesday and was on the same ground and about the same spot that the churn was found on Thursday morning. Some one, on Thursday night, had gone there and dug the old wooden churn up and relieved it of the contents, which are supposed to have been money, and left the churn on the ground where it was dug up.

The trees around where the churn was disinterred have peculiar marks on them. It has created a great deal of talk among the people of that community. The churn was very old and looked as though it might have been buried there for many years.

We will not vouch for the above being true, but give it as we got it. However, we can't see that it makes any difference to any of us, as the other fellow has the contents of the churn and has gone from us, never, perhaps, to return.—Madisonville Meteor.

A Little Book of Great Importance.

Do you ever wish for a book that can be relied upon to answer correctly all the little questions and knotty problems that present themselves day by day—a book that will quickly decide all arguments on all subjects? The 1902 World Almanac and Encyclopedia, which is now ready, is exactly that kind of book. It takes the same position in the world of facts and figures as does the dictionary in the world of words.

This little volume contains over 600 pages of well printed agate type, every line containing some fact that you will sooner or later want to look at.

The World Almanac should occupy a prominent place in every progressive American household. The 1902 edition is more complete than any of the former ones. It contains facts on many subjects that have recently been brought to the public notice and which every up-to-date person should have at his fingers' ends.

Among the features of the 1902 Almanac are:
The millionaires of the United States—a list giving the names of nearly 4,000 Americans who possess over \$1,000,000. The great American trusts; full particulars of 163 leading industrial organizations. Organized labor; enlarged statistics of the strength of labor unions and the present condition of the labor movement. The Nicaragua canal and the Hay-Pauncefote treaties with Great Britain. Progress of aerial navigation in 1901. Complete United States census. Anarchist statistics of the United States and Europe, etc., etc., to the extent of over 1,000 topics.

The 1902 World Almanac and Encyclopedia is on sale by all news-dealers throughout the country for 25 cents. When ordered by mail 10c. extra for postage must be inclosed to the World, New York.

Mr. and Mrs. R. G. Tabor returned yesterday afternoon from Waco where they went to attend the funeral of Miss Mary Lucy Ragland, daughter of Mr. and Mrs. W. B. Ragland and niece of Mrs. Tabor, who died Tuesday after an extended illness from typhoid fever, and was buried Wednesday. Miss Ragland was a lovely young girl, 17 years of age, and the announcement of her untimely death will occasion profound sorrow among the friends of the family in Bryan.

Mr. Lage Chemilewski and Miss Maggie Kochanowitz, daughter of Mr. and Mrs. Kochanowitz, of this city, were married Wednesday afternoon at 3 o'clock at St. Joseph's Catholic church. After the ceremony the young people and their friends enjoyed a repast at the home of the bride's parents, following which they left for the home of the groom's parents, Mr. and Mrs. Peter Chemilewski, near Bryan, where a supper and ball were given them, and greatly enjoyed by the happy pair and their assembled friends. They have the best wishes of all for a long and happy life.

One hundred pairs boys' rubber boots, 3 to 5, worth \$1.50, to sell for 98 cents. 100 pairs men's rubber boots, 5 to 8, worth \$2.00 per pair, at \$1.25 at Norwood's. 50

Mr. Stanley H. Watson of Brenham, dealer in canning machinery, truck growers' supplies and wholesale nursery stock, spent several hours in the city yesterday mingling with the business men and talking of the proposed cannery here. Mr. Watson will return Saturday and meet as many of the truck growers as possible, and will also be present at the next meeting of the Business League to make a proposition to the league to supply a cannery outfit. He will be prepared to remain several days and help the movement by soliciting stock subscriptions, etc. Mr. Watson courts competition in the matter of supplying cannery outfits, as he says it adds to the interest of the work and he feels confident of the terms he is able to offer.

Miss Nellie Hawes wishes to announce to the public that she will take in dressmaking at home and would appreciate the patronage of the ladies of Bryan. 49

A CHURN OF MONEY.

The report comes from Bedias that a churn was found last Thursday morning on Rocky creek, Grimes county, near the line of Madison. The churn was dug up Thursday night. A party says he was hunting hogs in the creek bottom on Wednesday and was on the same ground and about the same spot that the churn was found on Thursday morning. Some one, on Thursday night, had gone there and dug the old wooden churn up and relieved it of the contents, which are supposed to have been money, and left the churn on the ground where it was dug up.

The trees around where the churn was disinterred have peculiar marks on them. It has created a great deal of talk among the people of that community. The churn was very old and looked as though it might have been buried there for many years.

We will not vouch for the above being true, but give it as we got it. However, we can't see that it makes any difference to any of us, as the other fellow has the contents of the churn and has gone from us, never, perhaps, to return.—Madisonville Meteor.

A Little Book of Great Importance.

Do you ever wish for a book that can be relied upon to answer correctly all the little questions and knotty problems that present themselves day by day—a book that will quickly decide all arguments on all subjects? The 1902 World Almanac and Encyclopedia, which is now ready, is exactly that kind of book. It takes the same position in the world of facts and figures as does the dictionary in the world of words.

This little volume contains over 600 pages of well printed, up-to-date, every line containing some fact that you will sooner or later want to look at.

The World Almanac should occupy a prominent place in every progressive American household. The 1902 edition is more complete than any of the former ones. It contains facts on many subjects that have recently been brought to the public notice and which every up-to-date person should have at his fingers' ends.

Among the features of the 1902 Almanac are:
The millionaires of the United States—a list giving the names of nearly 4,000 Americans who possess over \$1,000,000. The great American trusts; full particulars of 163 leading industrial organizations. Organized labor; enlarged statistics of the strength of labor unions and the present condition of the labor movement. The Nicaragua canal and the Hay-Pauncefote treaties with Great Britain. Progress of aerial navigation in 1901. Complete United States census. Anarchist statistics of the United States and Europe, etc., etc., to the extent of over 1,000 topics.

The 1902 World Almanac and Encyclopedia is on sale by all news-dealers throughout the country for 25 cents. When ordered by mail 10c extra for postage must be inclosed to the World, New York.

DAMAGE FROM SLEET.

Business Section of Little Rock a Scene of Desolation.

HALF MILLION LOSS

Five Inches of Sleet Caused Roofs of Buildings to Give Way—Trees and Telegraph Poles Collapsed Under the Weight.

Little Rock, Jan. 30.—The heaviest losses ever sustained in Little Rock from a like cause is the result of the terrible storm of sleet and cold and rain which has prevailed here for the past three days, culminating Tuesday night.

The business section of the city is a scene of desolation, and business men on every hand are mourning heavy losses that cannot be recovered by insurance. The estimated damage will exceed \$500,000, including loss to business.

In many instances the loss has not yet attained its limit, and continued damage will occur where the accumulated snow and sleet is not removed from the roofs of buildings. In addition to the damage by water in the stores, Main street suffering more than any other part of the city, residences and dwellings all over town are more or less damaged.

Added to this, in some parts of the city the telegraph and telephone poles are all down, pulling trees and wires with them, and forming a congealed mass of wreckage. Street cars were run regularly.

The fall of sleet amounted to about five inches, heavy clinging sleet, that packed closely on the roofs and melted rapidly, finding its way through tin or graveled roofs with ease.

Little Rock is practically shut off from the world. The Western Union lines are all down through the state, and there is not a line of that company out of the city. The Southern Telephone company reports a loss of \$25,000. The Little Rock Telephone company has not a line operating in the city. Most of its wires are broken and many of its poles are down.

Crossed wires set fire to the office and the fire department was called out and the flames were rapidly extinguished. Fully 5000 shade trees were completely demolished.

NOT WITH AMERICA.

European Sugar Bounty Responsible for Conditions in Cuba.

Washington, Jan. 30.—Mr. H. W. Wiley, chief of the bureau of chemistry, department of agriculture, was before the ways and means committee Wednesday in connection with the Cuban reciprocity question. His statement covered the scientific phases of the production of sugar from beets, cane, etc., and the developments of the respective industries. By means of charts he showed the comparative insignificance of the beet sugar industry in 1855, when most of the sugar was made from cane. Since then the conditions have reversed, until now the greater part of the sugar production is from beets.

Dr. Wiley's emphatic declaration that Cuba's appeal to the United States was misplaced, and would not afford relief, attracted much attention. This came after he had shown that the European honesty was the controlling factors in the sugar situation. The Cuban planters had prospered, he said, under Spanish regime, and why should they now lay their misfortune to the breaking of the Spanish yoke. He said:

"The cause of the trouble they are fighting is not the tariff reductions of the United States, but is the overproduction of sugar, due to bounties granted by Europe. Their cause should be pleaded in the parliaments of Europe, not that of America."

MISS STONE'S RELEASE.

Negotiations Falls and State Department Blames the Newspapers.

Washington, Jan. 30.—The state department is disposed to attribute the failure of the negotiations looking to the release of Miss Stone to the newspapers, as the recent arrangements for her release have completely miscarried. A body of Turkish troops, guided, it is said, by the finger of the press, having appeared near the scene of the arranged surrender, forced the captors of Miss Stone to seek cover.

Miss Stone Reported Released.

London, Jan. 30.—The Sofia correspondent of the Times, writing under date of January 29, says:

"It is reported that Miss Stone and Mme. Tsilka were liberated this morning on Turkish territory."

Medical College for Women.

Chicago, Jan. 27.—It is reported in medical circles here that Chicago will soon have a high-grade medical college solely for the instruction of women. The alumnae of Northwestern university have plans for founding such an institution. Dr. Eliza H. Root, dean of the woman's medical school of the Northwestern university, which has just been sold, is at the head of the movement. With her in the planning of it are Mrs. E. L. McEwen, Mrs. John Ridlon and Mrs. Martha Foote Crow, all of Evanston. A number of Chicago's most famous and prosperous physicians are mentioned in the reports as backers of the movement.

PEACE IS NEEDED.

Both Great Britain and the Boers Desire the War Closed.

Paris, Jan. 30.—M. Henri Rocheford, editor of *Intransigent*, says regarding the outlook for peace in South Africa:

"There ought to be peace, but upon a basis similar to that given to the Cuban republic and which should also make the Philippines free. The republic of Cuba is a glorious example for the Boers in two ways. First, it demonstrates the effectiveness of a people fighting for home and freedom; second, that the liberty-loving spirit still lives in the United States. The Boers have astonished the world and deserve freedom. The intermediaries who are feeling their way to peace should remember this."

Colonel Arthur Lynch, who served in the Boer army, and recently was elected to parliament from Galway, and who is here, says:

"Both sides have strong reasons for desiring peace. If they fight another six months the situation may not be materially altered, and it is impossible to say exactly what is the military situation. It is certain that now the Boers are as optimistic as they were a year ago, with regard to their ability to hold out, while England's situation is becoming intolerable not only on account of her enormous expense, but because of the stagnation of trade and loss of prestige in the diplomatic world."

"Nor are the Boers on a bed of roses, and they, like England, have long desired peace if the terms are on a satisfactory basis."

"Peace is possible, for there are only a few points about which both sides are not in accord. The main thing is to have a tangible, feasible program, and the antagonists will soon get it if they come together and peace may be looked for very soon."

She Won Her Suit.

Onawa, Ia., Jan. 30.—Mary Christensen has secured a verdict for \$6000 in her breach of promise suit against a dead man. She sued the estate of Frank Crum, who died last summer, for \$7000, claiming he had postponed the date of their marriage and finally died before the new date fell, without wedding her. It was proved conclusively that he intended to marry her, and the suit was begun as the best legal way to recover a portion of the property left by him.

Runaway Electric Car.

Pittsburg, Jan. 30.—Wilmerding Hill was the scene of the third traction car accident within 12 hours, the result of icy tracks. Car 603 of the Pittsburg, McKeesport and Connellsville Traction line ran away on a steep incline and jumped a 30-foot embankment. Harvey Shanow, the motorman, Wm. Schaeffer, conductor, and Thomas King, the only passenger, escaped death by jumping. All were painfully, but not seriously injured. The car was almost completely demolished.

Fire at Chicago.

Chicago, Jan. 30.—Fire here destroyed the five-story brick building at 190-192 Illinois street, with its contents, causing a loss of about \$150,000. The first and second floors were occupied by the Dauchy Iron Works and the upper floors by the L. B. Smith Shoe Dressing company. Heavy machinery in the upper part of the building caused the floors to collapse, and the entire contents of the structure crashed through into the cellar.

American Workmen More Advanced.

New York, Jan. 30.—Gilbert Parker, the English author and member of parliament, said, before sailing for home on the St. Paul: "One of the objects of my visit here was to look into the labor question for parliament. In my opinion the American workman is more enterprising than the English. The American working man welcomes machinery, while the English workman has not come up to that yet."

He Died in Slavery.

New York, Jan. 30.—Peter Lee, a negro servant, who was born a slave in 1804, is dead on the estate, at Castle Point, Hoboken, of Col. Edwin A. Stevens, the millionaire machinist. When slavery was abolished in New Jersey Lee was given his liberty. He returned the next day, saying he had enjoyed all the freedom he desired. Since then he remained at the Stevens home-stead.

Glucose Consolidation.

New York, Jan. 30.—Consolidating the most important glucose establishments of the country, papers of incorporation will be filed in New Jersey within a short time for the largest industrial combination since the United States Steel corporation was organized. It will have a capitalization of \$80,000,000.

For Agricultural Purposes.

Ardmore, I. T., Jan. 30.—Secretary Hitchcock, interior department, has advised non-citizens that after April 1, 1902, 22,000 acres of land two miles west of Duncan, I. T., in the Kiowa-Comanche reservation, will be leased for agricultural purposes. This rich land is now under lease, being used for grazing cattle.

Barr Engaged by Belmont.

New York, Jan. 30.—Captain Charles Barr, the skipper of Columbia in its victory over the Shamrock II for the America's cup, has been engaged by August Belmont to sail his 70-footer *Mineola* next season.

The Prune Crop Short.

New York, Jan. 30.—According to W. C. Allen, a prominent fruit dealer of Salem, Ore., who is in this city, the stocks of prunes on the coast are light, particularly the Oregon product.

PARKER MAY ACCEPT.

He May Succeed Dole as Governor of the Hawaiian Islands.

Chicago, Ill., Jan. 30.—"I have nothing to say about the governorship of Hawaii," said Samuel Parker, the Hawaiian millionaire and ex-premier, upon his arrival at Chicago last night from Washington. Mr. Parker and his party, which includes his wife and son-in-law, Prince Edward Kawanakoa, and the Princess Kawanakoa, are on their way home.

"I have been a life-long friend of Mr. Dole," Mr. Parker said, "and I esteem him highly. All I will say is that he is governor at the present time. I did have two or three conferences with the president while I was in Washington, but then I am a member of the National committee, so we may have talked about committee matters."

"I was asked while I was in Washington to look after the interests of the sugar planters in Hawaii, but I had to decline for want of time. The islands have only one representative there, while the sugar industries of the states have a lobby of nearly five hundred."

Despite his father-in-law's denial, Prince David, who was the Hawaiian delegate who cast the deciding vote that swung the Kansas City Democratic convention to the silver plank, declared that he believed Mr. Parker would be prevailed upon to accept the governorship, and said, despite contrary dispatches from Washington, that Mr. Parker had been offered the position.

"I believe that eventually my father-in-law will accept the office of governor of the Hawaiian Islands," said Prince David. "The office was offered to him several times by President McKinley, but this is the first time that President Roosevelt has asked him to accept it. He does not desire the position of the honor which attaches to it, but I believe he will be urged so strongly to accept by his friends that he will take the office as a duty."

Huntsville Item Burned.

Huntsville, Tex., Jan. 3.—The Huntsville telephone exchange and the plant of the Huntsville Item, both owned by Fred B. Robinson, were burned early Wednesday. The fire originated in the telephone exchange and it was destroyed before the fire department could check the flames. The fire spread from there to the printing office and what it did not burn was almost totally wrecked. Insurance on building \$500; on printing plant and telephone exchange \$1200.

Republicans Woe.

Frankfort, Ky., Jan. 30.—The court of appeals has delivered a response, overruling the petition of Attorney General Breckinridge for a rehearing in the Pratt-Breckinridge contest over the office of attorney general. This puts Pratt, the Republican contestant, in office as soon as the court mandate is issued. The court divided on party lines in rendering the response.

Cut to Death.

Caddo, I. T., Jan. 30.—On the new right of way camp of the A. C. Mallin Critchfield fatally cut the throat of Ed Neely. The young men had quarreled, and Neely had drawn a knife, and Critchfield used his razor. Neely died and Critchfield is now in jail at Atoka.

Medical School Remembered.

Boston, Jan. 30.—Under the will of Miss Ellen O. Proctor of Brookline, whose death occurred Sunday, Harvard Medical school receives \$50,000 for the study of chronic diseases. The American board of foreign missions is given \$10,000 to be used in the work of the medical missions of the board.

Rebate on British Goods.

Wellington, N. Z., Jan. 30.—Premier Seddon has announced that the government of New Zealand was prepared to give preferential treatment in the shape of rebate duty to British goods carried on British ships.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac. dtf

Since then the conditions have reversed, until now the greater part of the sugar production is from beets.

Dr. Wiley's emphatic declaration that Cuba's appeal to the United States was misplaced, and would not afford relief, attracted much attention. This came after he had shown that the European honesty was the controlling factor in the sugar situation. The Cuban planters had prospered, he said, under Spanish regime, and why should they now lay their misfortune to the breaking of the Spanish yoke. He said:

"The cause of the trouble they are fighting is not the tariff reductions of the United States, but is the overproduction of sugar, due to bounties granted by Europe. Their cause should be pleaded in the parliaments of Europe, not that of America."

MISS STONE'S RELEASE.

Negotiations Falls and State Department Blames the Newspapers.

Washington, Jan. 30.—The state department is disposed to attribute the failure of the negotiations looking to the release of Miss Stone to the newspapers, as the recent arrangements for her release have completely miscarried. A body of Turkish troops, guided, it is said, by the finger of the press, having appeared near the scene of the arranged surrender, forced the captors of Miss Stone to seek cover.

Miss Stone Reported Released.

London, Jan. 30.—The Sofia correspondent of the Times, writing under date of January 29, says:

"It is reported that Miss Stone and Mme. Tsalka were liberated this morning on Turkish territory."

Medical College for Women.

Chicago, Jan. 27.—It is reported in medical circles here that Chicago will soon have a high-grade medical college solely for the instruction of women. The alumnae of Northwestern university have plans for founding such an institution. Dr. Eliza H. Root, dean of the woman's medical school of the Northwestern university, which has just been sold, is at the head of the movement. With her in the planning of it are Mrs. E. L. McEwen, Mrs. John Riddell and Mrs. Martha Foote Crow, all of Evanston. A number of Chicago's most famous and prosperous physicians are mentioned in the reports as backers of the movement.

PEACE IS NEEDED.

Both Great Britain and the Boers Desire the War Closed.

Paris, Jan. 30.—M. Henri Rocheford, editor of *Intransigent*, says regarding the outlook for peace in South Africa:

"There ought to be peace, but upon a basis similar to that given to the Cuban republic and which should also make the Philippines free. The republic of Cuba is a glorious example for the Boers in two ways. First, it demonstrates the effectiveness of a people fighting for home and freedom; second, that the liberty-loving spirit still lives in the United States. The Boers have astonished the world and deserve freedom. The intermediaries who are feeling their way to peace should remember this."

Colonel Arthur Lynch, who served in the Boer army, and recently was elected to parliament from Galway, and who is here, says:

"Both sides have strong reasons for desiring peace. If they fight another six months the situation may not be materially altered, and it is impossible to say exactly what is the military situation. It is certain that now the Boers are as optimistic as they were a year ago, with regard to their ability to hold out, while England's situation is becoming intolerable not only on account of her enormous expense, but because of the stagnation of trade and loss of prestige in the diplomatic world."

"Nor are the Boers on a bed of roses, and they, like England, have long desired peace if the terms are on a satisfactory basis."

"Peace is possible, for there are only a few points about which both sides are not in accord. The main thing is to have a tangible, feasible program, and the antagonists will soon get it if they come together and peace may be looked for very soon."

She Won Her Suit.

Onawa, Ia., Jan. 30.—Mary Christensen has secured a verdict for \$6000 in her breach of promise suit against a dead man. She sued the estate of Frank Crum, who died last summer, for \$7000, claiming he had postponed the date of their marriage and finally died before the new date fell, without wedding her. It was proved conclusively that he intended to marry her, and the suit was begun as the best legal way to recover a portion of the property left by him.

Runaway Electric Car.

Pittsburg, Jan. 30.—Wilmerding Hill was the scene of the third traction car accident within 12 hours, the result of icy tracks. Car 603 of the Pittsburg, McKeesport and Connellsville Traction line ran away on a steep incline and jumped a 30-foot embankment. Harvey Shanow, the motorman, Wm. Schaeffer, conductor, and Thomas Kling, the only passenger, escaped death by jumping. All were painfully, but not seriously injured. The car was almost completely demolished.

Fire at Chicago.

Chicago, Jan. 30.—Fire here destroyed the five-story brick building at 190-192 Illinois street, with its contents, causing a loss of about \$150,000. The first and second floors were occupied by the Dauchy Iron Works and the upper floors by the L. B. Smith Shoe Dressing company. Heavy machinery in the upper part of the building caused the floors to collapse, and the entire contents of the structure crashed through into the cellar.

American Workmen More Advanced.

New York, Jan. 30.—Gilbert Parker, the English author and member of parliament, said, before sailing for home on the St. Paul: "One of the objects of my visit here was to look into the labor question for parliament. In my opinion the American workman is more enterprising than the English. The American working man welcomes machinery, while the English workmen has not come up to that yet."

He Died in Slavery.

New York, Jan. 30.—Peter Lee, a negro servant, who was born a slave in 1804, is dead on the estate, at Castle Point, Hoboken, of Col. Edwin A. Stevens, the millionaire machinist. When slavery was abolished in New Jersey Lee was given his liberty. He returned the next day, saying he had enjoyed all the freedom he desired. Since then he remained at the Stevens home-stand.

Glucose Consolidation.

New York, Jan. 30.—Consolidating the most important glucose establishments of the country, papers of incorporation will be filed in New Jersey within a short time for the largest industrial combination since the United States Steel corporation was organized. It will have a capitalization of \$50,000,000.

For Agricultural Purposes.

Ardmore, I. T., Jan. 30.—Secretary Hitchcock, interior department, has advised non-citizens that after April 1, 1902, 22,000 acres of land two miles west of Duncan, I. T., in the Kiowa-Comanche reservation, will be leased for agricultural purposes. This rich land is now under lease, being used for grazing cattle.

Barr Engaged by Belmont.

New York, Jan. 30.—Captain Charles Barr, the skipper of Columbia in its victory over the Shamrock II for the America's cup, has been engaged by August Belmont to sail his 70-footer *Mineola* next season.

The Prune Crop Short.

New York, Jan. 30.—According to W. C. Allen, a prominent fruit dealer of Salem, Ore., who is in this city, the stocks of prunes on the coast are light, particularly the Oregon product.

PARKER MAY ACCEPT.

He May Succeed Dole as Governor of the Hawaiian Islands.

Chicago, Ill., Jan. 30.—"I have nothing to say about the governorship of Hawaii," said Samuel Parker, the Hawaiian millionaire and ex-premier, upon his arrival at Chicago last night from Washington. Mr. Parker and his party, which includes his wife and son-in-law, Prince Edward Kawanakoa, and the Princess Kawanakoa, are on their way home.

"I have been a life-long friend of Mr. Dole," Mr. Parker said, "and I esteem him highly. All I will say is that he is governor at the present time. I did have two or three conferences with the president while I was in Washington, but then I am a member of the National committee, so we may have talked about committee matters."

"I was asked while I was in Washington to look after the interests of the sugar planters in Hawaii, but I had to decline for want of time. The islands have only one representative there, while the sugar industries of the states have a lobby of nearly five hundred."

Despite his father-in-law's denial, Prince David, who was the Hawaiian delegate who cast the deciding vote that swung the Kansas City Democratic convention to the silver plank, declared that he believed Mr. Parker would be prevailed upon to accept the governorship, and said, despite contrary dispatches from Washington, that Mr. Parker had been offered the position.

"I believe that eventually my father-in-law will accept the office of governor of the Hawaiian Islands," said Prince David. "The office was offered to him several times by President McKinley, but this is the first time that President Roosevelt has asked him to accept it. He does not desire the position of the honor which attaches to it, but I believe he will be urged so strongly to accept by his friends that he will take the office as a duty."

Huntsville Item Burned.

Huntsville, Tex., Jan. 3.—The Huntsville telephone exchange and the plant of the Huntsville Item, both owned by Fred B. Robinson, were burned early Wednesday. The fire originated in the telephone exchange and it was destroyed before the fire department could check the flames. The fire spread from there to the printing office and what it did not burn was almost totally wrecked. Insurance on building \$500; on printing plant and telephone exchange \$1200.

Republicans Won.

Frankfort, Ky., Jan. 30.—The court of appeals has delivered a response, overruling the petition of Attorney General Breckinridge for a rehearing in the Pratt-Breckinridge contest over the office of attorney general. This puts Pratt, the Republican contestant, in office as soon as the court mandate is issued. The court divided on party lines in rendering the response.

Cut to Death.

Caddo, I. T., Jan. 30.—On the new right of way camp of the A. C. Malvin Critchfield fatally cut the throat of Ed Neely. The young men had quarreled, and Neely had drawn a knife, and Critchfield used his razor. Neely died and Critchfield is now in jail at Atoka.

Medical School Remembered.

Boston, Jan. 30.—Under the will of Miss Ellen O. Proctor of Brookline, whose death occurred Sunday, Harvard Medical school receives \$50,000 for the study of chronic diseases. The American board of foreign missions is given \$10,000 to be used in the work of the medical missions of the board.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac.
